

PSL DIRECTOR ACADEMY

“As your Director I am committed to working with the kids of our league. My focus will be on helping players develop a better relationship with the ball – to be able to pass, shoot, dribble, and control the ball proficiently, with skill and creativity. The PSL Director Academy will give me an opportunity to work closely with the U8 and U10 players in our league. Additionally, these sessions will be a chance for our coaches to learn more about teaching the technical side of the game.”

I believe that the key to enjoying the game of soccer is to develop a sound relationship with the ball and further that our children will gain confidence by learning to do things well. I aim to help players correct "bad habits," and to learn the correct individual, technical skills right from the start. Mastering each basic soccer skill gives young players the confidence to play effectively in game situations and enhances their enjoyment of the game.”

SCHEDULE:

Monday October 4 th	4:00 – 4:45	Under 8 Boys	Team #1, 2, 3
	4:45 – 5:30	Under 8 Boys	Team #4, 5, 6
